LIGHTWEIGHT RIFLE PLATE

LEVEL III RIFLE-RATED • 2.8 LB MULTI-CURVE

The GUERRACO Level III Rifle Plate is engineered for operators, law enforcement, and prepared civilians who demand maximum mobility without sacrificing protection. At only 2.8 lbs per plate, it dramatically reduces load fatigue while maintaining rifle-level stopping power. Constructed from advanced UHMWPE using GUERRACO's proprietary bonding process, this stand-alone hard armor plate delivers reliable performance in a slim, multi-curve profile that conforms to the body.

- ✓ NIJ Level III
- ✓ 10×12 SAPI Cut
- ✓ Rifle Rated Protection
- ✓ Multi Curve Design
- ✓ 10 Year Service Life

RIFLE THREAT STOPPED

RIFLE-RATED PROTECTION
LEVEL III – TESTED

DEFEATS MULTIPLE HITS FROM 7.62×51 M80, 5.56×45 M193, AND 7.62×39 RIFLE ROUNDS

KEY FEATURES

ULTRA LIGHTWEIGHT

Only 2.8 lbs per plate in the 10×12 size — dramatically reduces load fatigue during extended operations.

ADVANCED UHMWPE CONSTRUCTION

Ultra-high molecular weight polyethylene with GUERRACO's proprietary bonding process absorbs and disperses high-energy impact.

STAND-ALONE HARD ARMOR

A rigid stand-alone plate that needs no additional soft armor backing to deliver its rated protection.

MULTI-CURVE ERGONOMIC DESIGN

Contours naturally to the body for superior comfort and improved mobility during extended wear.

SHOOTER'S CUT

Cut corners give the operator enhanced arm mobility for weapon manipulation and tactical movement.

MULTI CURVE

TESTED. PROVEN. TRUSTED.

MULTI-CURVE ERGONOMIC DESIGN

TESTED & CERTIFIED

RIGOROUSLY TESTED – FULL NIJ CERTIFICATION IN PROCESS

Tested to defeat multiple hits from 7.62×51mm NATO M80, 5.56×45mm M193, and 7.62×39mm Ball. Also tested against .308 Winchester, 12-gauge slugs and 00 buck, and common handgun calibers through .44 Magnum. Equipped with trauma-reduction technology to mitigate impact energy. This plate has been rigorously tested but has not completed the full NIJ certification process.

IDEAL FOR:

LAW ENFORCEMENT

MILITARY & SECURITY

TACTICAL TEAMS

PLATE CARRIER UPGRADE

TRAINING & RANGE

EMERGENCY PREPAREDNESS

SPECIFICATIONS & MODELS

SPECIFICATION	DETAIL
PROTECTION LEVEL	Level III (Tested)
SIZE	10" × 12"
WEIGHT	2.8 lbs per plate
CONSTRUCTION	Stand-Alone UHMWPE — Multi-Curve
THREAT DEFEATED	7.62×51 M80, 5.56×45 M193, 7.62×39
PROTECTIVE COVERAGE	Front or back rifle plate
