NIJ III RIFLE PLATE

LEVEL III RIFLE-RATED HARD ARMOR

A lightweight NIJ Level III rifle-rated armor plate for law enforcement officers and tactical teams upgrading from soft armor to hard plate protection. At 3.4 lbs per plate, officers get rifle-level protection without the weight that slows response. Built from ultra-high molecular weight polyethylene with GUERRACO's proprietary bonding process, it forms a rigid stand-alone armor system tested to the NIJ 0101.04 protocol.

- ✓ NIJ Level III
- ✓ 10×12 SAPI Cut
- ✓ Rifle Rated Protection
- ✓ Single Curve Design
- ✓ 10 Year Service Life

RIFLE-RATED PROTECTION
NIJ LEVEL III

DEFEATS MULTIPLE 7.62×51 M80, 5.56×45 M193, AND 7.62×39 RIFLE ROUNDS

KEY FEATURES

LIGHTWEIGHT AT 3.4 LBS

Rifle-level hard armor at only 3.4 lbs per plate — no more heavy loads slowing tactical response.

ADVANCED UHMWPE CONSTRUCTION

Ultra-high molecular weight polyethylene fiber with a proprietary bonding process forms a rigid ballistic system.

STAND-ALONE HARD ARMOR

A rigid stand-alone plate that delivers its rated protection without additional soft armor backing.

SHOOTER'S CUT · SINGLE CURVE

Single-curve plate with a shooter's cut for natural fit and unrestricted weapon manipulation.

TRAUMA REDUCTION TECHNOLOGY

State-of-the-art trauma reduction mitigates spall and deflection and lowers impact energy transferred to the body.

TESTED. PROVEN. TRUSTED.

TESTED & CERTIFIED

TESTED TO NIJ 0101.04 PROTOCOL — LEVEL III

Rated to defeat multiple rounds of 7.62×51mm NATO M80 steel jacket, 5.56×45mm M193, and 7.62×39mm Ball. Also tested against .308 Winchester, 12-gauge slugs and 00 buck, and common handgun calibers through .44 Magnum. Engineered to mitigate spall and deflection, with trauma-reduction technology that lowers impact energy transferred to the body. Department and bulk pricing available — call (817) 601-7079.

IDEAL FOR:

LAW ENFORCEMENT

MILITARY & SECURITY

TACTICAL TEAMS

PLATE CARRIER UPGRADE

TRAINING & RANGE

EMERGENCY PREPAREDNESS
