BALLISTIC BACKPACK INSERT

NIJ LEVEL IIIA · EXTRA-LARGE 17" × 11"

A lightweight, flexible ballistic insert that drops into school and business backpacks — and works equally well in purses, briefcases, and vehicles. At an extra-large 17" × 11", it delivers maximum coverage while weighing just 1 lb 9 oz. Undetectable and airport-friendly, it offers NIJ Level IIIA protection against all common handgun rounds.

EVERYDAY PROTECTION
NIJ LEVEL IIIA

STOPS ALL COMMON HANDGUN ROUNDS — NIJ LEVEL IIIA RATED

KEY FEATURES

EXTRA-LARGE COVERAGE

A 17" × 11" panel sized for maximum protection in full-size school and business backpacks.

ULTRA-LIGHTWEIGHT

Weighs just 1 lb 9 oz — light enough to carry every day without noticing it's there.

UHMWPE + KRYPTONITE 32

Built from high-strength UHMWPE combined with GUERRACO's proprietary Kryptonite 32 material.

FLEXIBLE & REMOVABLE

Flexible panel slides in and out of any bag and moves freely between backpacks, purses, and cases.

UNDETECTABLE & AIRPORT-FRIENDLY

Non-metallic construction is undetectable and airport-friendly for unrestricted everyday carry.

FITS ANY BACKPACK

TESTED. PROVEN. TRUSTED.

TESTED & CERTIFIED

NIJ LEVEL IIIA — ALL COMMON HANDGUN ROUNDS

Offers NIJ Level IIIA protection against all common handgun rounds. Constructed from high-strength ultra-high molecular weight polyethylene combined with GUERRACO's proprietary Kryptonite 32 material — among the lightest and most affordable ballistic inserts in its class. Flexible, removable, and undetectable for unrestricted everyday carry.
