KEY FEATURES

INTEGRATED NIJ IIIA PANEL

Tested in accordance with NIJ-STD-0108.01. The certified ballistic panel covers the back of the bag — protection where it lives, every day.

ONLY 3.5 POUNDS

Just ounces more than a non-armored backpack of the same volume. Light enough to carry every day without fatigue or compromise.

GEL-PADDED COMFORT

Gel-padded shoulder straps and back panel reduce pressure points during long carries — comfortable through a full school day or travel itinerary.

EXTRA-LARGE STORAGE

Spacious primary compartment with dual side bottle pockets fits laptops, books, and daily-carry essentials. Phone pocket on the shoulder strap.

DOUBLE-REINFORCED HANDLE

Top handle is double-reinforced to take repeated grab-and-go cycles, locker stowage, and the kind of treatment a daily-carry bag actually sees.

TESTED. PROVEN. TRUSTED.
