BALLISTICS

PROTECTIVE CARRY BAG

FOR 20" x 30" BALLISTIC SHIELDS

A purpose-built transport and storage bag for Guerraco's 20" x 30" ballistic shields. 600D Oxford-Weave fabric with vinyl-reinforced corners protects the shield from scratches, chips, and field wear. Side-mounted handle plus adjustable shoulder strap give one-handed and across-the-back carry options for patrol, response, and dispatch use.

**FIELD-READY TRANSPORT
TEAR-PROOF SHELL**

SIZED FOR 20" x 30" GUERRACO BALLISTIC SHIELDS

KEY FEATURES

600D OXFORD-WEAVE SHELL

High-tensile 600D Oxford-Weave fabric resists impact, heat, water, and corrosion in vehicle trunks, response trailers, and field staging.

VINYL-REINFORCED CORNERS

Reinforced corners absorb the wear that ends most shield bags first — extending service life through repeated load-in and load-out cycles.

WATER-RESISTANT BUILD

Water-resistant outer fabric and tear-proof construction keep the shield protected during weather-exposed staging and outdoor response.

INTERNAL LOCK STRAPS

Internal straps with lock-snap closures hold the shield in place so it doesn't shift, rattle, or chafe during transport.

DUAL CARRY + EXTERNAL POCKETS

Side-mounted handle plus adjustable shoulder strap. Two external pockets carry tactical accessories, gloves, lights, or paperwork.

TESTED & CERTIFIED

BUILT FOR REPEATED FIELD USE

600D Oxford-Weave fabric. Vinyl-reinforced corners. Water-resistant and tear-proof shell. 5# thickened zipper closure. Internal lock-snap straps secure the shield. Two external accessory pockets. Side handle plus adjustable shoulder strap. Sized to fit Guerraco 20" x 30" ballistic shields.

IDEAL FOR:

LAW ENFORCEMENT

VEHICLE STORAGE

SCHOOL EMERGENCY LOCKERS

PATROL DEPLOYMENT

CORPORATE SECURITY

FIRST RESPONDERS
