LASER-CUT CARRIER

LOW-PROFILE TACTICAL PLATE CARRIER

A duty-ready plate carrier engineered for law enforcement and military professionals who need a lightweight, low-profile platform without sacrificing strength or modularity. Laser-cut MOLLE keeps the silhouette clean while an integrated kangaroo pouch puts two AR mags and a tourniquet in immediate reach. Available in four operator colors.

DUTY-READY CARRIER
LASER-CUT MOLLE

FITS 10×12 AND 11×14 HARD ARMOR — STREAMLINED FOR PATROL & TRAINING

KEY FEATURES

LASER-CUT MOLLE PLATFORM

Precision laser-cut PALS slots reduce weight and bulk while preserving full attachment versatility front, back, and sides.

INTEGRATED KANGAROO POUCH

Removable triple insert holds two AR magazines and a tourniquet — rapid access to critical gear without bolt-on pouches.

LOW-PROFILE DRAG HANDLE

Reinforced rear extraction handle stays out of the way until you need it — built for emergency casualty movement under load.

COMFORT-FOCUSED PADDING

Padded, adjustable shoulder straps reduce fatigue during extended wear, training evolutions, and high-movement operations.

HOOK & LOOP ID PANELS

Soft loop panels on the front and rear accept patches, name tapes, and unit identifiers without modifying the carrier.

BUILT FOR DUTY USE.

TESTED & CERTIFIED

BUILT FOR DUTY USE

Carrier only — ballistic plates sold separately. Compatible with standard 10"×12" (L) and 11"×14" (XL) hard armor. Laser-cut MOLLE platform with integrated kangaroo pouch and reinforced rear drag handle. Carrier dimensions 12.5"L × 10.5"W × 3"D.

IDEAL FOR:

LAW ENFORCEMENT

MILITARY PERSONNEL

PATROL & TRAINING

SCHOOL RESOURCE OFFICERS

PREPARED CIVILIANS

SECURITY PROFESSIONALS
