THE MURCIELAGO

FOLDING NIJ LEVEL IIIA HANDGUN SHIELD

A folding handgun-rated shield built for staff who need full-body coverage they can actually carry. Unfolds to 32" x 31.5" of NIJ Level IIIA protection, then collapses to a 14.5"-wide carry profile that fits behind a desk, inside a classroom locker, or in a patrol vehicle. At only 12.8 lbs, the Murcielago stays accessible for school staff, security teams, and officers across a full shift.

FOLDING PROTECTION
NIJ LEVEL IIIA

STOPS .22LR, 9MM, .357 MAG, AND .44 MAGNUM HANDGUN ROUNDS

KEY FEATURES

FOLDING BAT-WING DESIGN

Unfolds from a 14.5"-wide carry profile to a full 31.5" of protective width — full-body coverage that still fits in a desk drawer or response locker.

ONLY 12.8 POUNDS

Light enough for trained school staff and reception personnel to grab and deploy without slowing down — sustained carry without operator fatigue.

ADVANCED BALLISTIC FIBER

Built from advanced ballistic fiber engineered for high-strength, low-weight handgun threat defeat across the full protective face.

VITAL-AREA COVERAGE

32"-tall unfolded profile covers head-to-thigh vital areas when held at center-mass — sized for adults across a wide range of body types.

MAINTENANCE-FREE

No special care or storage requirements. Stages cleanly inside emergency lockers, vehicles, and reception areas — ready when needed.

TESTED & CERTIFIED

TESTED & CERTIFIED — NIJ STANDARD-0108.01 LEVEL IIIA

Defeats .22LR, 9mm, .357 Magnum, and .44 Magnum handgun rounds. 8-year warranty. Folds from 31.5" to 14.5" wide for storage and transport. Bulk pricing available for school districts and corporate deployments.
